December Meeting Notes

Golf Joint Advisory Committee Meeting Agenda
Wednesday, December 13, 2017, 8:30 am at Riordan Hall

Save your Paper ** Pages 1-4 are notes , Pages 5-26 are copies of the meeting handouts

Important Outcomes / Announcements:

- **New Course Superintendents: Kyle Soller-Scotsdale, Scott Hanson-Dogwood**
- **New POA website debuts January 8, 2018**
- **Golf Expo scheduled for Thursday, March 1**
- **Friends of Dogwood Practice Area & Beautification Plans Approved**
- **Next meeting: Wednesday, January 10, 2018 8:30 am at Country Club**

Attendees: Bill Barr, Rex Butler, Leia Christeson, Dean Collins, Keith Ihms, Tom Judson, Jason Loyd, Darryl Muldoon, Susan Nuttall, Bruce Portillo, Terry Predl, Mary Riorden, Phillip Wright
Absent: Ruth Hatcher, David Whelchel

Notes:

Call to Order – Bill Barr called the meeting to order at 8:30 am.

Today is Terry Predl's last meeting. We wish him well!

Staff /Board/Management Reports:

- **Marketing-Kim Carlson**
  - The new POA website was demonstrated. Features of the new website include:
    - designed for mobile – 55% of users are on the phone
    - easy access to course phone numbers with one click dial
    - maps integrated into google maps
    - calendars integrated with popular calendaring software
    - easy access to Tournament entry forms by clicking on the Tournament from the Calendar or Tournament pages
    - New feature to "Book a Tournament"
- **Golf Course Maintenance –** Keith Ihms
  - Larry Shepherd, the Superintendent at Scotsdale is retiring this week. There is a going away party at 2:00 pm on Friday at Lakepoint.
  - Course Superintendent Positions – Keith introduced the Course Superintendents. There have been a number of recent changes
    - Greg Jones – Highlands, no change
    - Kyle Soller – Scotsdale – new hire
    - Rob Dreesen - Country Club, formerly at Dogwood
    - Reed Holly – Berksdale/Kingswood, no change
    - Scott Hanson -Dogwood/Brittany, internal promotion
  - Golf Course Enhancement Process

        - The Golf Course Enhancement Process and policy on memorials was discussed (Appendix 1)
        - The purpose of the document is to clarify process and procedure for those who want to add enhancements to the course or donate for memorials.
        - The Volunteer Waiver was presented. This form is required for anyone volunteering on POA property. Forms are available at the Superintendent's offices. Forms will be filed in the POA office. The Corporate Secretary, Leia Christensen, will keep the documents.
    - Golf Course Closures
        - The Golf Course Weather Closure Standard was handed out. See Appendix 2. It is on the POA Website.
        - Courses will be closed if the high temperature is not expected to exceed 35 degrees. This is posted daily on the Frost Line.
        - Once the new website is live, the Superintendents will be posting more information on cold weather and other course related topics.
    - Winter Projects
        - Kingswood Cart Path repair will be complete in 2017.
        - CC #8 green is being tarped during cold spells. This keeps the grass from going dormant so we can still get root growth during the winter.
        - Mary Riorden asked about the fairway conditions at Scotsdale. Per Keith, the common Bermuda we have in our fairways is not ideal for cold weather. Other items that impact the current condition of these fairways include a 33% increase in play at Scotsdale, the pump station was down for a few weeks and this impacted the grass in the fall and an early hard freeze. The conditions are typical for winter, it just happened a few weeks earlier this year.
        - Dogwood Bunker project scheduled from Jan 2 through Feb 28. The same contractor that did Country Club was selected.
- **Golf Operations –** Phillip Wright/Darryl Muldoon
    - Golf Financials – See Appendix 3
    - 2018 Golf Expo – currently reserved at Riordan Hall, would like to move it to Country Club
        - Expo scheduled for Thursday March 1st
        - 3:30pm Group Leader Meeting
        - 4pm-6pm Expo
    - 2018 Golf Fest scheduled for Saturday April 14th, 10am-3pm; 4 of 6 suppliers from last year have committed
    - New for 2018 - Spring and Fall Golf Group revised shotgun starts
        - April 1st-30th 9am and 2pm start times
        - May 1st - Sept. 30th 8am and 1pm start times
        - October 1st-Nov. 4th 9am and 2pm
        - Nov 5th-March 30th 11am shotgun start times
    - Revised 2018 POA Tournament Schedule – See Appendix 4
    - Tournament Tee's for POA events
        - Tees:
            - Men: Blue Tees - 59 or younger; White Tees - 60-74; Red Tees - 75+
            - Women: Red Tees - 74 or younger; Gold Tees -75+
    - Rounds by Tee

- # of rounds played by tee by course was distributed.

Board Liaisons – Ruth Hatcher, Bruce Portillo

General Operations – Tom Judson

- Hydrology Study
  - Community meetings related to the Hydrology Study are planned for March 13 @10am and March 15 @4pm. Location TBD. The report has been delayed due to time to gather additional cross section survey data.
- Country Club
  - Yesterday's tour had 55-60 people in attendance. Finishes such as carpet and lighting are starting to be installed. Next tour is the 2nd Tuesday of January at 4:00 pm. Opening tentatively planned for late January/early February.
- Branchwood: Tour this evening at 4pm
- Lakepoint is doing well. Excellent response to the Christmas Eve dinner. A New Year Eve dinner is also planned.
- Parking Lots- Most parking lots including Metfield and Highlands are scheduled for parking lot repair including crack repair, seal and stripe. Kingsdale will be striped.
- Golf Assurance Program – GAP
  - Mailer will be sent to ~1000 members about this program. The target audience is AGGF members, players over 40 rounds and members with a Seat Lease.
  - The price of $145 is a one time fee. It is good until you use it. This feature was modified based on the feedback from a focus group.
- Play More Pay Less was very successful. It will be repeated next year.

Open Forum: Members of the community are welcome to speak. 3 minute limit. Discussion limited to clarifying questions.

- Question about what is happening to the Couples Thursday Group? Answer: It is being replaced by the monthly 9 and Dine.

Old Business:

- none

New Business

- Proposal for Friends of Dogwood Practice Area and Proposal for Friends of Dogwood Beautification Plan -2018 priorities
  - Susan Nuttall presented the proposals (Appendix 5)
  - The committee approved the proposals
- Brainstorm ideas on how to have groups involved in routine maintenance
  - Phillip suggested a program called Sand and Suds. A group gathers on an evening, Golf Maintenance Carts are filled with sand, the beverage cart is nearby. Each helper gets 2 free drinks. Starting at a specific location, the group walks down the course filling divots, repairing ball marks, etc. It's a party.
    - Could be a general community event or targeted at groups
    - Suggested there may be teams of 'specialists' such as tee boxes, greens, fairways
    - Sounds like fun!

- Jason suggested that a short video be produced on fixing ball marks, filling divots and posted on line. Could be distributed to Golf Groups
- Susan suggested focus on just a few key messages: Repair Ball Marks, Fill Divots, Drive 90 degrees. Create a pervasive campaign on these themes.
- Bruce suggested the Play managers help to enforce/encourage these activities.

- Reports on Golf Course status – Committee Members
  - Nothing significant to report

Action Items from Prior Meeting - Susan

- none

Review New Action Items -

- Follow up on Sands & Suds and other ideas – Phillip/Keith

Reminder of next Meeting – The next meeting is January 10, 2018, 8:30 am Riordan Hall

Adjourn the meeting was adjourned at 9:55 am

Appendix 1

Bella Vista Golf Course

Volunteer and Donation Process

Contact: Keith Ihms, Director of Golf Course Maintenance
December 13. 2017

Purpose of this Document

The purpose of this document is to outline guidelines and processes to help streamline project approval, scheduling and completion of projects that involve member volunteer labor and donations on Bella Vista Golf Courses.

Overview

Volunteers and donations are an important to the maintenance of the beautiful courses we enjoy in Bella Vista. These activities range from help to clean up flood damage, maintaining flowerbeds, providing amenities at the courses such as holders for cold water and benches to monetary donations in remembrance of loved ones. The POA has a deep appreciation for the donation of time, materials and money that our members are willing to give.
The processes outlined below help ensure that a project can be proposed, reviewed, planned and executed in a timely manner to the satisfaction of the donating group or member.

Process for Course Enhancement Projects

Course Enhancement projects include anything that will be placed, planted, erected or moved on golf course property outside of the club houses. These projects are the responsibility of the Golf Maintenance Department.

The donor group presents suggestion to specific course superintendent and Keith Ihms, Director of Golf Course Maintenance, for preliminary review. All suggested designs must consider future maintainability. In the presentation:

- Describe the project
- Prepare list of materials and costs
- Prepare drawings or other visual aids of project as it will be when completed
- Describe who does what; Golf Maintenance, MAC, Donor Group, etc.
- Recruit volunteers, if possible, to help complete required work
- See Appendix 1 for a sample Golf Course Enhancement Request

After preliminary approval, the donor group presents the project to the Joint Advisory Committee for Golf, POA Board liaisons, and Management liaisons for approval.

- The JAC -Golf meets the second Wednesday of the month at 8:30 am from November through March and 5:00 pm April-October.
- The Course Superintendent can assist with scheduling this meeting.

If work is to be performed by outside contractor, General Manager Tom Judson must give

final approval.

Memorials

Memorials on Bella Vista Golf Courses

Adopted by Golf Joint Advisory Committee July 10, 2013

- No new memorial beds will be approved
- Existing memorial beds will be cared for by volunteers or individuals responsible for memorial. If memorials are not cared for they will be removed.
- Memorial trees and shrubs will be acceptable but no plaques will be placed around trees or shrubs and existing plaques may be removed at discretion of maintenance manager.
- Memorial benches will be a style set by golf committee. Any new bench must replace an existing bench identified by the maintenance manager. Plaques will be acceptable on benches.
- Plantings in ANY landscape on golf courses will need to be approved by golf course maintenance manager.
- A memorial book will be maintained in each pro-shop identifying memorial trees and shrubs planted on the associated course.

Memorial Benches

- The POA has a standard bench that will be used throughout the village.
  - The bench is a sturdy metal bench with a back featuring weather resistant paint and a 4”x8” plaque. Benches are installed with concrete footings.
- The same benches will be used on golf courses, parks and trails.
- Style and procedure for 'Memorial Benches' is established by the POA Recreation Department.

Donating a memorial bench

If you would like to donate a memorial bench:

- Coordinate the donation through the Golf Course Superintendent for the course where you want the bench.
- The cost is $950 which includes the bench, installation and a plaque
- Make checks payable to the Bella Vista POA
- Include the messaging you would like to have included on the plaque. The plaque is 4”x8”
- The donation is not tax deductible

Other ways to donate

There are several active volunteer groups whose mission is to enhance the golf courses in Bella Vista. You may want to consider donating in your loved one's name to these groups. Your contribution would be very helpful in extending planned projects.

The groups are: Friends of the Highlands- Highlands Golf Course, Lads and Lassies-Scotsdale Golf Course and Friends of Dogwood-Dogwood/Brittany Golf Courses. The Golf Office can provide contact information.

Volunteer Release Forms

All individuals working on POA property must sign a Volunteer Release Form. Forms are available from the Course Superintendents, Pro Shops or the Golf Office. Forms must be signed before work starts. Appendix 2 is a copy of the form.

Appendix 1: Golf Course Enhancement Request

Golf Course: Name of Golf Course
Presented by: Donor Group Name
Contact Information: Contact name, email, phone number

Proposal Name

Description of the Project: Describe an overview of the project. Typically 1-4 paragraphs. Include a concept drawing or other visual aid.

Construction Details: Describe plans, specifications or other details about the project. Drawings or pictures are very helpful.

Materials List:

Reference	# needed	Description	Cost Each	Total Cost (Rounded)
1				
2				
3				
4				
		Total Price		**$xxx.xx**

Who Does What:

Donor Group Name
- Bullet points of what donor group will do
- Example: Purchase materials, assemble widget

POA (MAC, Golf Maintenance or other department)
- List what is expected of the POA
- Example: Pour concrete footings for scoreboard

Outside Vendor
- Describe what an outside vendor will do
- If you are using an outside vendor, the POA Chief Operating Officer must approve the project

Schedule: provide a brief description of the schedule expectations

Supporting Information:

Include topics such as web addresses for materials to be purchased, additional pictures, etc.

Appendix 2: Volunteer Release Form

BELLA VISTA PROPERTY OWNERS ASSOCIATION
VOLUNTEER PROGRAM
RELEASE AND WAIVER OF LIABILITY

1. In consideration for permission to participate in volunteer activities on behalf of the Bella Vista Property Owners Association (the "Association"), I voluntarily sign and agree to this RELEASE AND WAIVER OF LIABILITY.

2. I understand that my volunteer activities, while unlikely, may involve the risk of serious personal injury or even death. I am voluntarily participating in these activities with the knowledge and appreciation of the specific dangers involved and voluntarily agree to accept and assume all such risks.

   I agree to release and discharge the Association from any liability whatsoever, and agree not to sue the Association or any of its respective employees, volunteers, directors or members (each, a "Released Party") for any damages resulting from my participation in volunteer activities on behalf of the Association.

3. In the event any claim arising out of or incidental to my volunteer activities are brought against any Released Party, I agree, for myself and my heirs and assigns, to indemnify and hold harmless such Released Party against any such claims. I further agree, for myself and my heirs and assigns, to waive any claims, demands, or causes of action that may arise from my participation in volunteer activities on behalf of the Association.

4. As a volunteer, I understand that I am not covered under the Association's workers' compensation policy and that I have no rights under the Association's workers' compensation policy should I become injured while engaged in volunteer activities.

5. I currently have no known mental or physical impairment that would prevent me from participating in volunteer activities. I will not undertake any assignments that I do not feel capable of completing without injury.

6. I authorize the Association to use my name, voice, photograph, and likeness arising out of my participation in volunteer activities.

7. I HAVE CAREFULLY READ THIS RELEASE AND WAIVER OF LIABILITY AND FULLY UNDERSTAND ITS CONTENTS. I AM AWARE THAT THIS RELEASE AND WAIVER OF LIABILITY IS A RELEASE OF LIABILITY (INCLUDING BUT NOT LIMITED TO LIABILITY FOR NEGLIGENCE), AND I SIGN IT OF MY OWN FREE WILL.

_____ _____
Volunteer Signature Date

_____

*****This form expires at the end of the calendar year*****

All completed forms must be forwarded to the Legal Department

Appendix 2 Golf Course Weather Closure Standard

Golf Course Weather Closure Standard

The golf course superintendents shall have the authority to delay opening or closing their golf courses at any time. However, it will be a requirement that if delays or closings are needed the superintendent must notify the Pro Shop and golf maintenance coordinator.

Superintendents must report course conditions/closures to golf course maintenance coordinator and Pro Shop no later than one hour before first regular tee time. He or she must also stay in contact with Pro Shop on a regular basis throughout this same time period to keep them updated on course conditions.

During the winter months we will continue to use the temperature as a guide, however this is just a guide, there are situations other than temperature that may dictate course delays or closures. The target temperature for auto course closure is 35 degrees.
If the Weather Channel forecast for zip code 72714 is forecasted to be a high of 35 degrees or less for the entire day then courses will close for that day. If it is forecasted to be above 35 degrees then it becomes the golf course superintendents decision as to whether or not course opening will be delayed or course closure is necessary.

It is extremely important that each superintendent take into consideration the importance of serving our members.

Appendix 5 – Friends of Dogwood Proposals (approved)

Friends of Dogwood

December 11, 2017

Contact: Kevin McGee, kevinmcgee6@gmail.com, 918-906-3933
Prepared by: Susan Nuttall, susanvnuttall@gmail.com, 630-217-8214

Proposal to provide a warm up area at the Dogwood Golf Course

Introduction:

Many of the golfers at the Metfield Complex would like to have an area to warm up prior to their round. Space is limited so a full driving range area similar to Scotsdale is not feasible.

Working with Paul Gomez, there is an area east of the cart barn that is relatively flat and has enough space to set up 3 positions using Hitting Nets in a Golf Cage. The Friends of Dogwood earned enough money at our tournament last fall to provide most of the materials and cost for the practice area. **The budget for the project is $3,500.**

Overview of Practice Area:

The practice area consists of a cage 30'wide and 20' deep. 1" steel conduit is used to construct the cage. There are 3 hitting areas 10'x10' with nets on top, back and sides. Additional side nets, 10'h x 10'w, are installed to protect other golfers from wayward shots. The front of the cage is open. The cage would be set up so the golfers would be hitting towards the cart barn. The netting on the back is high density and also has a target baffle for double protection.

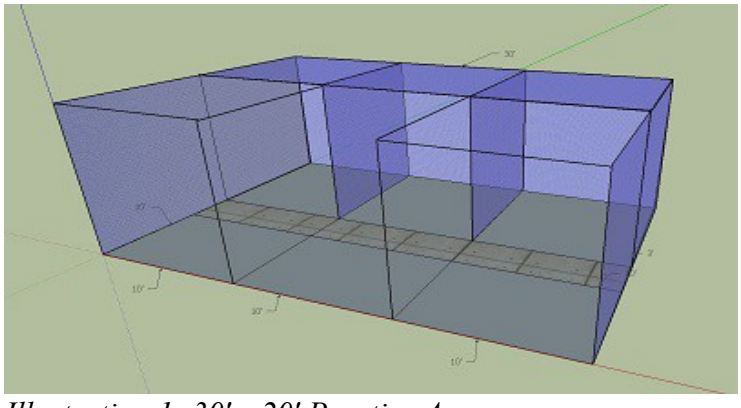

Illustration 1: 30' x 20' Practice Area

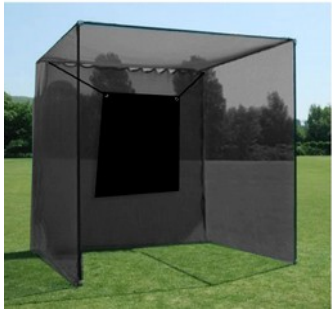

Illustration 2: Duro Pro 10x10 cage

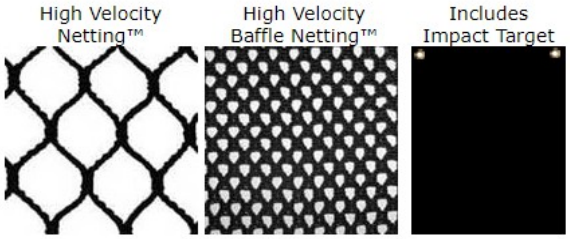
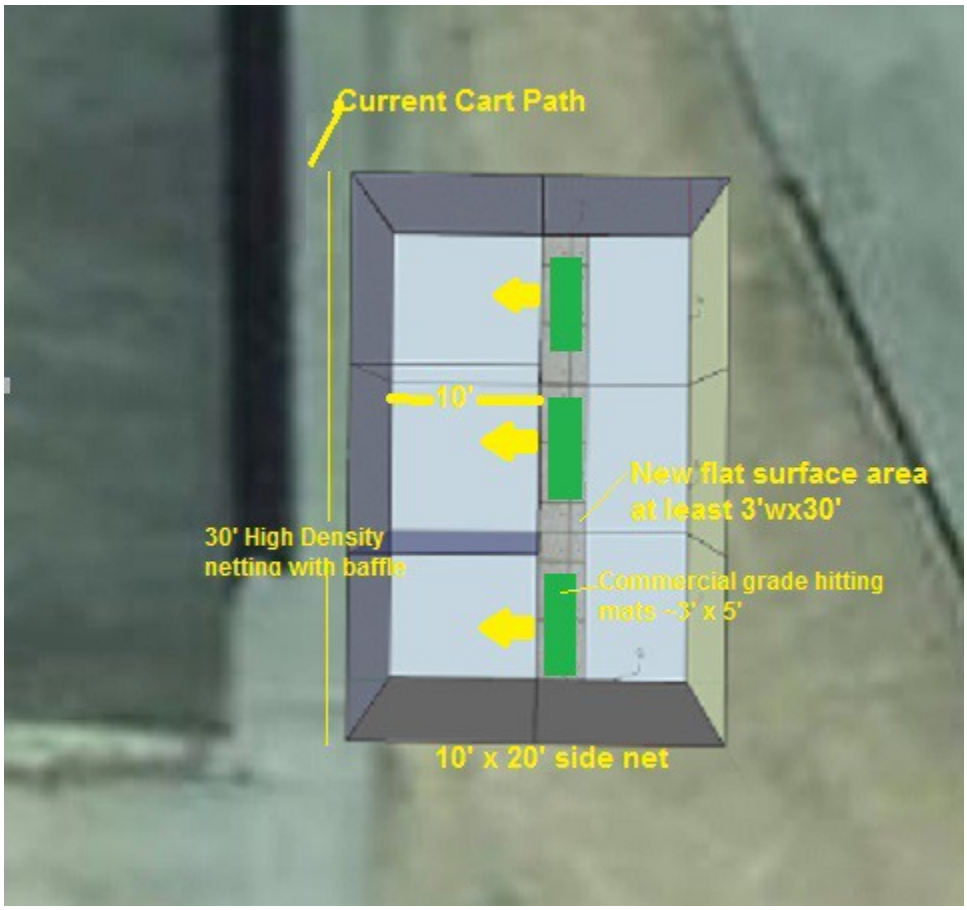
DRAFT AS OF 12/11/2017



Flat Hitting Surface

A flat hitting surface would be needed to provide a good experience to the golfers. Ideally, the ground would be leveled and a hard surface (concrete or asphalt) applied so there is a specific place to have the hitting mats located. This area would be approximately 3' x 30'. The POA Golf Maintenance team will level the area and an outside firm would install and finish the concrete. FOD will provide additional volunteer labor as needed.

The area is 10' from the current cart path and would run parallel. The hitting mats and ball trays would be placed on the flat area.



DRAFT AS OF 12/11/2017

Pole Installation to manage wind events

To secure the cages, we plan to install footings for the vertical poles rather than a bar along the bottom of the cage. The footings with sleeves would need to be about 2' into the ground. These would help hold the cages in place on windy days and still provide flexibility to remove the cage if necessary.

For the area between the back of the cage and the flat area, we plan to install heavy duty landscape fabric and top it with mulch. The mulch may be bark or rubber depending on budget constraints.

Responsibilities

Friends of Dogwood:

- Conduct joint review of project with POA
- Purchase the cages, nets, mats, ball trays/baskets, landscape fabric and mulch
- Assemble the cage and net
- Assist POA with layout, grading
- Assist with footings
- Install mulch using volunteer labor
- Work with POA Marketing on signage and golfer information

POA (MAC and or Golf Course Maintenance Team)

- Provide site approval (MAC)
- Participate in joint review of project with FOD
- Level the ground for flat area
- Dig hole and install footings

Outside vendor

- Cooper Concrete - Provide Concrete

Open question

- Who will build forms and finish concrete?

Schedule

We would like to have the practice area ready to debut about the same time the bunker work is to be completed in early spring. We could be ready to start as early as December 15th if needed.

2018 Projects Overview and Long Range Beautification Summary

Projects Overview:

The 2017 Friends of Dogwood Tournament raised $4,600 to improve and beautify Dogwood and Brittany Golf Courses. To prioritize projects, the Beautification Committee reviewed Dogwood and suggested additional plantings that would provide interest and color. The FOD Board approved the following projects for 2017/2018

2018 Priorities

1. Practice Area: Install a practice hitting area near the cart barn
2. Water Stations: Build 4 water stations (3 for Dogwood, 1 for Brittany) using volunteer labor
3. Beautification: Focus on refreshing existing beds with some enhancements
    - Remove bed at entrance to Hole #7, Enhance bed at the green of #7
    - Rebuild flowerbed at #5
    - Rebuild flower bed at 14
    - Plant Iris and rose at #9

DRAFT AS OF 12/11/2017

- Plant wildflower seeds behind #13 green
- Add privet shrubs, junipers and burning bushes behind #17 green
- Add iris and a red bud near #12
- Clear area by #18 pump house, plant screening plants
- Remainder of Beautification list as budget allows.

Budget

Practice Area	$3,500
Water Stations	$ 500 (expect some donated materials)
Beautification	$1,000
Total	**$5,000**

DRAFT AS OF 12/11/2017

Long Range Beautification Summary

Decision criteria for Plantings

Goal: Enhance the beauty of the course by adding color, texture and interest through the use of natural plantings, wildflowers and trees.

Maintenance: Planting should require no routine maintenance. Flowering plants will be selected if they are no maintenance. The Friends of Dogwood will maintain the plantings and work with the Maintenance Staff.

Placement: Materials will mostly be placed outside of the mowing line. Dogwoods and Redbuds will be tucked into the current forested areas. Plantings will be of the type and scale so as not to shade greens or impact air flow on the greens.

Approval: Placement and type of plantings will be approved by the Golf Operations Department and the Course Superintendent.

Timing: Fall 2017, Early Spring 2018

DRAFT AS OF 12/11/2017

Dogwood Beautification Summary by Hole

Bold indicates 2018 priorities

Priority	Hole	Plantings	Notes
19	**1**	3 blooming shrubs, 1 red bud tree	
8	**2**	3 red bud trees, 1 dogwood tree	
17	**3**	3 blooming shrubs, 1 red bud tree, 1 dogwood tree	
11	**4**	1 red bud tree, 1 dogwood tree	
2	**5**	**Rebuild flower bed**	**May used recycled stones from #7**
10	**6**	5 Rhododendrons, 1 large crepe myrtle	
1	**7**	**5 Encore azalea's, 5 Forsythias' flowerbed rebuilding**	**Remove the flowerbed to add visual focus on the green**
12	**8**	7 blooming shrubs, rebuild flowerbed, 3 Eastern red cedars	
4	**9**	**1 Knock-out rose, 1 bunch Louisiana Iris**	**Iris is about 42" tall and will be placed at lake's edge**
9	**10**	4 native trees	Use Tree City donations if possible
16	**11**	1 dogwood tree, 3 Eastern Red Cedars	Cedars provide color in winter
7	**12**	**1 bunch Louisiana Iris, 1 bunch Siberian Iris, 1 red bud tree**	**Iris near lake**
5	**13**	**10 lbs mixed wildflower seeds**	**Wildflowers behind #13 green**
3	**14**	**Rebuild flowerbed**	**May use recycled stones from #7**
14	**15**	5 red bud trees, 3 Eastern red cedars	Behind the green area
13	**16**	1 dogwood tree	
6 18	**17**	**4 privet shrubs (variegated if possible)** 2 junipers, 3 burning bushes	**May be able to take privets cuttings and nursery over winter to use as screening,** Junipers & burning bushes to add to those recently planted
15	**18**	4 large growing hollies	Densa Lukberry Holly, to hide the pump house. Need to be positioned to not interfere with pump maintenance activities

Hundreds of mixed Daffodils planted along the forests – need lots of volunteer labor.

DRAFT AS OF 12/11/2017

Breakdown by Plant Type

5 Native trees	2 bunches of Louisiana iris
12 Redbud trees	1 bunch of Siberian iris
6 Dogwood trees	4 Privet shrubs
1 large crepe myrtle	2 Juniper
12 Eastern red cedars	3 Burning bush shrubs
13 Flowering shrubs	4 large hollies
5 Rhododendrons'	10 lbs. Mixed wildflower seed
5 Encore Azaleas	Hundreds of mixed daffodil bulbs
5 Forsythias'	
1 Know-out rose	

Labor Breakdown
Through priority #9

Rebuild flower beds	POA assistance to remove #7 flower bed FOD to rebuild 3 others
Hole 7 planting	FOD to plant Rhododendrons and Azaleas
Hole 10 Native Trees	POA assistance to plant trees
Hole 9 Iris and Rose	FOD
Hole 13 Wildflowers	POA assistance to prepare meadow for seeds
Hole 17 Privets	FOD volunteer to take cuttings and grow over winter, FOD will plant
Hole 12 Iris & Tree	FOD to plant Iris, may need help on tree, so at the same time as #10
Daffodils	FOD to buy daffodils, have a work party of volunteers to plant them
Water Stations	FOD to Build water stations, POA to help with concrete and installation
