For the third year, the Cooper Communities NWA Charity Classic will be held in Bella Vista. Changing from the Highlands Golf Course, all events and the tournament will take place at the Bella Vista Country Club. The All Pro Tour tournaments provide an avenue for professional golfers to hone their skills while preparing for a life on the PGA Tour. In fact, our 2017 winner, Joshua Creel, moved up to the web.com PGA Tour after winning in Bella Vista.

Revenue and Charity
The NWA Charity Classic provides net proceeds to local charities. More than $35,000 was raised last year through sponsorships, the Pro-Am Party and Auction, and the Pro-Am Tournament.

Golf News & Updates

PGA Junior League
PGA Junior League is great way for kids to learn the game of golf in a fun, family-friendly environment. Kids of all skill levels and playing experience can enjoy the game learning from our PGA and LPGA professional staff. They practice throughout the season and play a minimum of six matches during the summer, competing in home and away matches with teams here in Northwest Arkansas. For information: pgajuniorleague.com or Gavin at (479) 855-8123.

Junior Golf Camps & Schedules
The Junior Golf Camps are four days of golf training taught by the Bella Vista POA Golf Professional Staff. The first three days of the camp will be held at the Highlands Driving Range, which provides a great golf instruction platform, with a putting green, chipping area, practice bunker and grass lesson tee. During the course of the camp we will cover all aspects of the game including: driving, irons, chipping, putting, rules of golf and golf etiquette. The last day will be held at the Kingsdale Golf Complex for an on-course play day. We invite all parents to join us for a Parent/Child round of golf. After play we will meet at the Kingsdale pool for swimming, awards and a pizza party.

Junior Golf Camp Schedules  •  Highlands Golf Course
June 24, 26, 28, 29  •  9 a.m.–Noon  -  $125 per junior
July 15, 17, 19, 20  •  9 a.m.–Noon  -  $125 per junior
For information: bellavistapoa.com/golf  or Alex at (479) 855-8150

“In the Leather” Clinics & Schedules
If you already have the fundamentals down and are looking to fine-tune certain parts of your golf game, sign up for one of these clinics. Each clinic will have a specific focus, so pick the ones that are right for your game. It’s much easier to practice what we’re good at than to spend time on the part of our game that is adding strokes to your score. Wouldn’t it be nice if we were “in the leather” more often?
Each clinic will have a maximum of 8 students and a minimum of 4 to conduct the clinic. For information: hillerys@bvvpoa.com or Hillery at (479) 855-8133.

Get Golf Ready 1 & 2 Clinic Schedules
In just five sessions, Get Golf Ready is designed to teach players everything they need to know. These co-ed classes will be conducted by the Bella Vista POA’s PGA Professionals, Gavin Smith and Alex Sanford. Each session will focus on various golf skills that are used while playing. In addition to learning the basics, players will be guided onto the golf course to put their skills to the test. Get Golf Ready and the more advanced Get Golf Ready 2 classes began in April. For Information: bellavistapoa.com/golf or (479) 855-5079

One Day Golf School Schedules
Perfect for players with busy schedules. Sessions will cover material from putting to a full swing, providing all the “need-to-knows” in just a three-hour block. Each Golf School will have a maximum of 8 students and a minimum of 4 to conduct the class. Please email Hillery Sence at hillerys@bvvpoa.com to register. The cost of the Golf School is $75. For information: hillerys@bvvpoa.com or Hillery at (479) 855-8133.

Chip & Sips / Swig & Swings
Beginning this summer these 45-minute evening clinics are for those who like to have fun. Players will learn a new skill set during each session. Drinks and games are included in these workshops. Sign-ups for classes will be one at a time, not consecutive. For information: hillerys@bvvpoa.com or Hillery at (479) 855-8133.

Badger Meters and EyeOnWater
In 2018 and early 2019, Bella Vista POA finished installing an entirely new water meter system utilizing Badger water meters with a Beacon cellular reading system. This new system allows customers to monitor their consumption from their computer, tablet, or smartphone using an application called EyeOnWater. EyeOnWater allows customers to set up alerts via email or text message when a leak is detected or when water consumption reaches a predetermined level that makes the customer uneasy. To register for EyeOnWater visit www.eyeonwater.com/signup or download the app through the Apple iTunes or Google Play Store. If you have any questions regarding the registration or use of EyeOnWater, please contact Bella Vista POA Water Billing Department at (479) 855-8000, option 1.

Bella Vista Farmers Market
The Bella Vista Farmers Market kicked off the 2019 season April 14. The market operates from 9 a.m. – 2 p.m. Sundays in the Sugar Creek Center parking lot, just north of U.S. 71 and Mercy Way.

Bella Vista’s Farmers Market is one of few markets in the NWA area that operates on Sunday. The outdoor market promotes health and wellness to the community, while supporting local farmers, crafters and small businesses. The fun, family-friendly environment is a great place to gather on a Sunday afternoon, to fill your fridge with fresh goods or simply visit with your neighbors.

The market coordinator accepts applications on a rolling basis for vendors, nonprofit groups, crafters, musicians and entertainers. To apply, visit the city’s website at: bellavistaar.gov/farmers-market and complete the online application. Applicants will be contacted by the market coordinator.

Have You Had Your Septic System Checked Lately
Septic tanks are mainly settling chambers. They allow time for solids and scum to separate out from wastewater, so clear liquid can safely go to the drainfield. Over time, the scum and sludge layers get thicker, leaving less space and time for the wastewater to settle before passing to the drainfield.

For every gallon entering the tank, one gallon is pushed out into the drainfield. So it is important to keep the level of scum and sludge from building up and nearing the inlet or outlet baffles, where the scum or sludge could plug them up or be carried out to the drainfield.

Septic tanks should be checked for buildup every 1 to 3 years until you can get on a predictable pumping schedule. Most septic tanks need pumping every 3 to 5 years. How often depends on the size of the tank, the number of people in the household, and the amount and type of solids entering the tank.

Things to know about your septic when contacting a service:
- What is your septic tank size?
- How many people live in your house?
- How often do you use a garbage disposal?
- Do you know when your system was last pumped?
- How many years has your system been installed?
- Are you using a septic additive (example RID-X)
