Have a burger or brat (options may change) and enjoy live music the last day of every month.
November 11 • Veterans Day Tournament
Tournament will benefit the Arkansas State Veterans Home in Fayetteville. Last year we raised over $7,700. Help us to meet this year’s goal of $9,000+. Country Club & Kingswood golf courses • Format: The Lone Soldier (designation rotates throughout round). Entry Fee: $240 per team ($60 per player) plus applicable green/cart fees. Included in entry fee - Team Emergency Ration Package. Package includes: 1 Per Player – One Mulligan; Automatic one putt once you are on the green; Move up one tee box; and an automatic relief from hazards, bunker or water. Flighting will be determined following play.

Frost Delays: (Daily info is available at 7am • (479) 855-5123)
5 Things Every Golfer Should Know
While much of the U.S. deals with winter’s brunt, golfers in the Sun Belt and other mild parts of the country are still playing. However, cool, crisp mornings bring the risk of frost delays. At some golf courses frost delays are rare, while at others they may be a regular occurrence. How often your morning round is affected by frost depends on the weather and a variety of other factors. Here are five things every golfer should know about frost delays:

1. Crunchy grass is vulnerable to damage.
   Golf course turf is normally resilient to traffic, but when ice crystals form inside the plant, they become brittle and vulnerable to damage. Walking or driving over frost-covered grass may rupture plant cells, leading to dead turf. Or the plants may be weakened without immediately showing the effects. It can take grass more than a month to recover from this damage.

2. When it comes to frost delays, location is everything.
   Many of us have looked out our windows at home and seen no signs of frost, only to find a frost delay when we reach the golf course. This is because frost can linger in colder microclimates long after other areas have thawed. North-facing slopes, low-lying areas and areas sheltered from the wind are especially likely to remain covered with frost. If you are worried about a potential frost delay it is best to call the golf shop to check on conditions at the course before leaving home.

3. Closely mowed turf is at high risk.
   Frost damage can occur on any part of the golf course, but it poses the greatest risk to closely mown turf. Putting greens are particularly vulnerable because they experience the most concentrated traffic. A foursome typically takes 300 steps or more on each putting green; if there is frost present, all those steps could cause serious damage.

4. A little frost can cause big delays.
   No signs of frost on the first tee? That doesn’t mean you will get the “all clear” sign. If frost remains in areas that are unavoidable early in the round, the course must remain closed. It is also important to remember that once the frost is totally clear, the maintenance staff will need time to catch up on course preparations before play can begin.

5. More light goes a long way.
   Shade extends frost delays by preventing sunlight from melting the frost. Pruning or removing trees that shade primary playing surfaces can improve the course’s overall health and reduce the duration of frost delays. This is especially true on holes played early in the round. The shade from a few trees can keep an entire course closed.

November 15 • Heroes & Music
A tribute to the Heroes & Music of the Greatest Generation. Friday, November 15 at Riordan Hall, 7:30 p.m. Featuring: 17 piece, NWA Jazz & More Orchestra (former JM Band) FREE, no tickets or reservations.

New to Bella Vista?
On Saturday November 9th, there will be an opportunity for new residents to attend a Welcome Meet and Greet Coffee at the Bella Vista Country Club (98 Clubhouse Dr). There will be an informal gathering at 9:30 for anyone who wants to come early to meet other attendees. The actual meeting will start at 10:00 and runs until approximately 12:00. New home owners and renters in the past 6-9 months are invited to join us. This will be an opportunity for you to introduce yourselves and to meet other new residents of Bella Vista and learn about the amenities. If interested in attending please contact Debbie Sorensen at bvwelcomesu@gmail.com who will contact you with details.

In the meantime, please go to the Bella Vista POA website and sign up for their E-Newsletters: dining, golf, recreation, POA or sporting updates. These are great and very informative.

The Bella Vista Bar and Grill (Located within the Country Club) will be open at 11:00 for lunch. You might want to consider having lunch following the meeting. Several of us will stick around so please feel free to join us.

Sporting News & Updates

Lake Ann Drawdown
The drawdown is still scheduled to begin on November 11 and run to March 2, 2020. The lake will be lowered by 6 feet and will likely take until December 1 to complete. Lake users should see no effect. Any questions should be directed to Rick Echols, ricke@bvvpoa.com or (479) 855-5068.

Fall Fish Sampling
The fisheries staff will be conducting fall fish sampling using electrofishing, gill nets and hoop nets during the day and night over the next month. Our fall sampling gives us a look at survival of spring spawned fish and allows us to see fish that are difficult to find in the spring. Residents should not be alarmed by bright lights and the sound of a generator at night. Boaters should look for buoys marked “Bella Vista POA” and stay to the center of the lake to avoid getting nets caught in the prop.

Lake Brittany Trout Fishing
Cooler weather and better fishing are just around the corner. Largemouth bass, bluegill, redear sunfish, and channel catfish fishing should all show improvement over the next month. Additionally, don’t forget about trout fishing on Lake Brittany. The first stocking will take place in early to mid-November when water temperatures are consistently below about 65°F.

Basic Pistol Class
This course is designed with beginners in mind and will teach the fundamental skills and knowledge necessary for responsibly owning and operating a pistol. Participants will learn about gun safety, pistol parts and operation, ammunition types and will lay the foundations for safe and accurate shooting.
For more information call John Urquhart at (479) 855-5067 or to register call Member Services at (479) 855-8000, Option 2.

Concealed Carry Class
Concealed carry courses are four hours of classroom time followed immediately by a live fire qualification at the pistol range. The course is designed for those who have experience with firearms and focuses on the laws and procedures one needs to know to apply for a concealed carry permit for the state of Arkansas. This course also meets the requirements for persons that need to renew a permit with the state or transfer a permit from another state.
For more information call John Urquhart at (479) 855-5067 or to register call Member Services at (479) 855-8000, Option 2.

Arkansas Enhanced Concealed Carry Class
Reintroduces students to the knowledge, skills and attitude necessary for owning and using a handgun for personal protection. Address the responsibilities of carrying a handgun in populated and volatile areas. Students will learn how to correctly and responsibly interact with law enforcement and the general public. This course will also teach what to do when confronted with an active shooting situation and Arkansas Laws pertaining to carrying a concealed handgun.
For more information call John Urquhart at (479) 855-5067 or to register call Member Services at (479) 855-8000, Option 2.
Recreation News & Updates
